CORK CAT TOY!

Please note: this craft requires an adult to help!

Materials:

- Wine corks
- Shoestrings (about 6 inches)
- Screwdriver

Instructions:

1. You may want to gently steam the corks first to soften them up.
2. Using the screwdriver, make a hole in the center of the wine corks, ensuring the holes go all the way through the wine corks. (Holes can be drilled horizontally or vertically)
3. Cut the ends of the shoelaces, then cut the shoelaces in half to be about 6 inches in length
4. String the shoelaces through the holes in the corks and then just tie a knot on both ends of the shoelaces, close to the corks
5. Decorate as desired (please avoid using feathers and yarn)
