

Donor Impact in 2025

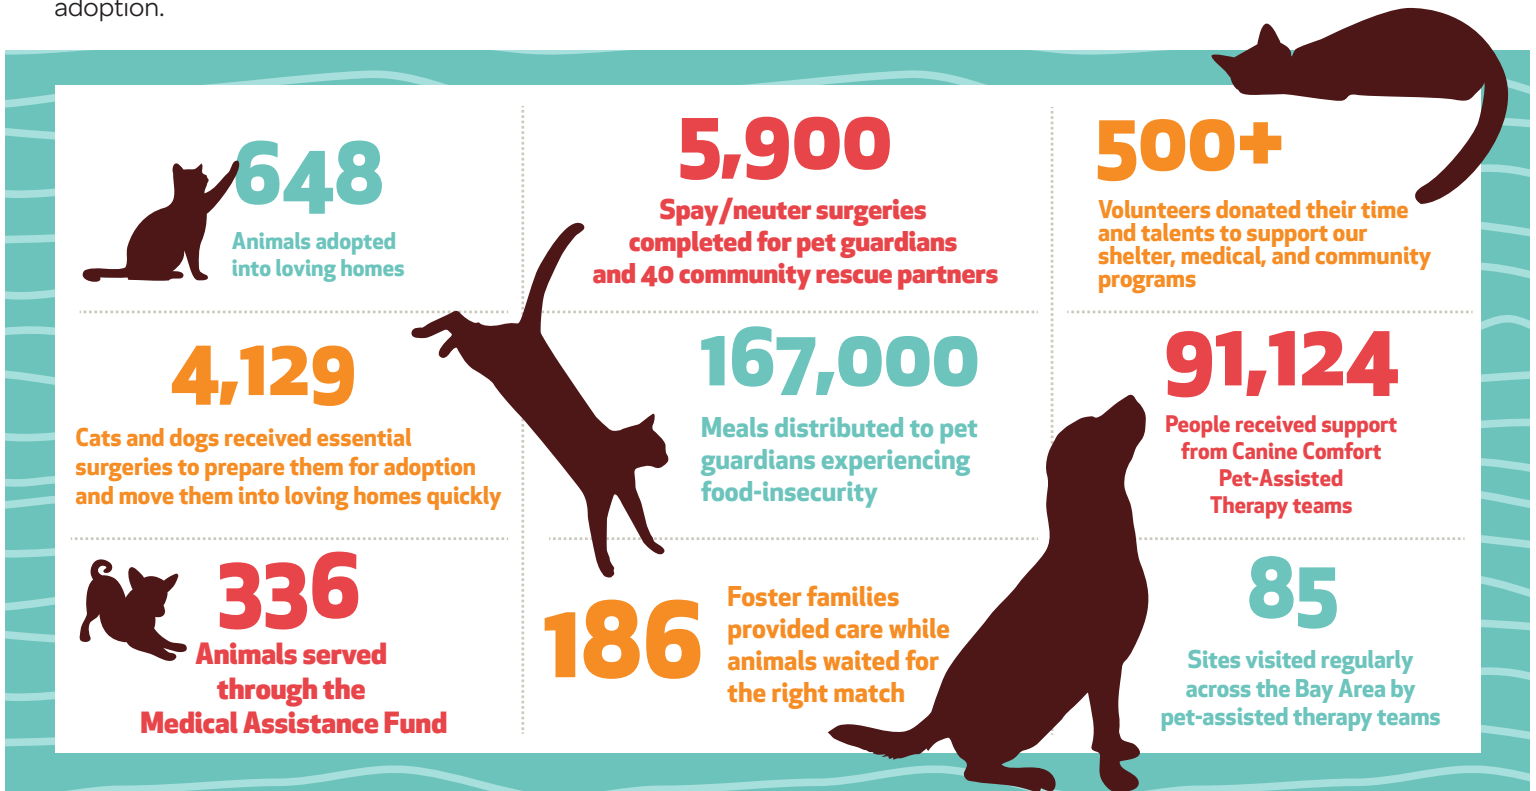

As we look back on 2025, one guiding commitment stands out: *expanding access to care.*

In 2025, Valley Humane said yes to animals in need of shelter, surgery, and care. We said yes to families facing barriers to veterinary care and food insecurity, to community members seeking emotional and mental health support, and to neighbors who joined us as volunteers and foster families. As a community-funded nonprofit, your generosity made it possible for us to meet people and animals where they were and provide care when it mattered most.

At our Sandy St. Dennis Adoption Center, hundreds of volunteers—spanning generations from teens to retirees—worked alongside staff to support daily care and enrichment for animals in need. Dedicated foster families extended our shelter beyond its walls, offering animals time and space to thrive in a home environment before adoption.

Through our nonprofit surgery center, Valley Humane expanded access to veterinary care for families and rescue partners in 2025. Alongside this work, our donor-supported Medical Assistance Fund helped ensure cost was not a barrier to veterinary care for animals and families in need. With your support, we strengthened our medical team by welcoming a new Medical Director to oversee shelter medicine and expand our surgical capabilities, along with a new Registered Veterinary Technician and a veterinary assistant, and made critical investments in medical equipment—positioning us to expand services for the public and community rescue partners in 2026.

Below is a snapshot of the many ways your support helped open doors to health, stability, and new beginnings throughout our community in 2025.
